WORLD TEAM TENNIS LEAGUE INFO:

What is World TeamTennis?

WTT is a fun and fast-paced game of tennis. The format features coed teams competing in six sets - men's and women's doubles, men's and women's singles and mixed doubles. Rules also include no-ad scoring, substitutions, and coaching. The winner of each division will be qualified to enter a National Qualifier.

What is a WTT team?

A WTT team has at least 2 men and 2 women combined to play singles, doubles and mixed doubles. More players mean more fun as you can substitute players in a match.

Can I register as an individual/substitute/team?

Players can register as an individual and will be made available to the teams.

You will be provided a link!!

You are not an official league participant until you have registered online. When you register via the Internet site you will be e-mailed league information during the season and your WTT Member Benefits (WTT Point of Contact Newsletter, discounts on hotel, rental cars, 2 for 1 tickets, plus more).

What is the cost?

The cost for each team in the WTT Westroads League will be \$60/Match. The captain will divide this among their players. This cost includes all court fees. Each team should bring one can of balls for each match.

League winners qualify for a National Qualifier?

Winning teams advance to the WTT National Qualifiers. Your team is eligible to participate in a NQ for up to one year from the end date of your league. For every four (4) teams in any official World TeamTennis (WTT) local league division, one (1) team will be eligible to participate in a NQ.
