"Mighty Adventure Camp is a great chance to make new **friends**, **try** new things, and **learn** new things."

- Mighty Adventure Camper

“I learned that I can be a leader no matter what and that **I love being outdoors.**”

- Mighty Adventure Camper

“**This camp really stood out because of the counselors.** It was obvious that they really engaged with each child. When I signed her up, she told me flat out there was no way she would do an overnight camp, but in the end, **she was successful and had a great time!**”

Our Purpose

Our purpose is to build a community of inspired young outdoor enthusiasts who, as leaders, possess the tools, skills, and experience necessary to make sound decisions.

Our Heart

At Genesis Health Clubs, we love working with kids! As our kids become young adults, we want to continue to grow with them and challenge them. Mighty Adventure Camp gives us that opportunity to engage with older youth outside the walls of our health clubs!

We believe that dynamic wilderness experiences have the ability to change lives and leave lasting impressions. As facilitators, we love witnessing positive growth and changes in our participants, and we know that the power of their outdoor experience is more impactful than we could ever be. Our first priority is always safety. The activities that we enjoy do not come without risk, but we let our adventurers take on appropriate challenges when they're ready. An incredible thing happens when we educate kids about risks and what we can do to manage them. They gain exposure to more complex decision-making and become empowered to tackle bigger obstacles. We believe this translates to being capable of assessing risky situations in their own lives. We believe in the power of experiential learning, and deliver an experience that helps kids grow. We produce leaders who discover a greater sense of responsibility for themselves, their communities, and our planet.
