Registration & Payment – PLEASE READ

GHC-Tri-State is moving towards a new registration process, where most all registrations should be completed using the GHC online portal, which is accessible to all members and non-members who have a profile within our computer system. The portal is accessible on desktops and smart phones, and although an app is not yet available, the portal can be saved like an app on the home screen of smart phones.

- **Do not allow the registration process to be a hindrance to play.** This is a new process. Please read the instructions below, and if you have any issues, still bring your child to class regardless. If help is needed to access the online portal, please contact the front desk 812-479-3111. After accessing the portal- contact the tennis department ext. 219, for issues with registration.
- **Parents should be sure and sign beginners up for the age-appropriate group.** Please read the descriptions on the first page. A student who does not meet the skill level requirements will be moved to a compatible class. **Genesis does not issue refunds.**

Members & Returning Non-members do need to access their GHC online portal to register their player.

- When using the portal, whether on a desktop or phone, be sure and hit the drop-down button in the top right-hand corner and select your player's name under secondaries. This will ensure that parents and guardians register each individual player and not a parent, by accident.
- **Members wanting the member-only sibling discount, should be sure that the discount shows on the balance of the portal before they complete the registration on the portal.**
- Again, if there are any problems, don't hesitate to bring your child to tennis class! For help reach out to Lorraine Jones via phone or email: 812-479-3111 ext. 219 or Lorraine.Jones@genesishhealthclubs.com

New Non-Members need to create a profile for each child by completing our online guest waiver in its entirety (including DOB)

- Follow this link <https://bit.ly/45Y7eLE> or use the QR code above. After completing the guest waiver, reach out to the front desk, who will send you a link to access the portal. Note: separate email & phone numbers will need to be provided for each child, which creates separate accounts for each child.
- Again, if there are any problems, don't hesitate to bring your child to tennis class, even if you can't get the registration to work! For help accessing the portal contact the front desk at 812-479-3111. For registration issues, contact Lorraine Jones via phone or email: 812-479-3111 ext. 219 or Lorraine.Jones@genesishhealthclubs.com

All Non-Members – although membership is not required for participation in our 10&U program, we do encourage non-members to visit the club in person, take a tour, & consult with a member services person. We would love to share all the benefits a GHC membership has to offer (including the member pricing and discounts for the tennis programs as listed above).

Additional Information to Note:

1. The portal will automatically prorate the session fee, if the registration is completed after the start of the session. If a player has attended classes before completing the registration on the portal, the cost of the unpaid classes will be charged to the player's account, or an invoice will be sent to the email address on file.
2. Genesis does not issue refunds
 - For medical disabilities, players will be allowed to make-up their remaining classes in a future session.
 - A player who does not meet the skill level requirements will be moved to a compatible class
