

## Miramont Central Members

June 27, 2018

Dear Miramont Central Members:

Genesis Health Clubs takes great pride in providing a world-class exercise experience to our members. As a rule, Genesis Health Clubs owns all its facilities. This enables us to renovate, remodel and enhance our locations to provide state-of-the-art fitness for our members. This was the original plan at the Miramont Central location. Unfortunately, we were unable to purchase this building.

As a result, we are excited to announce the acquisition of the Fort Collins Club, a premium health club less than two miles from Miramont Central. In the time we have spent at Fort Collins Club, we have already added many new amenities and upgrades, and we are just beginning. We plan to consolidate resources to provide a club with truly exceptional amenities and the most cutting-edge fitness experience. We're excited for you to experience all of the new services and amenities that you'll now enjoy at no extra charge.

Accordingly, the Miramont Central club will close its doors permanently on Friday, June 29th at 10:00 p.m. Group Exercise will run all day, but strength and cardio equipment will be moved and may be limited starting in the late morning.

The Fort Collins Club, less than two miles away, features all the amenities previously available at Miramont Central, plus many, many more. Members will immediately gain access to indoor and outdoor swimming pools, featuring a water slide, plus aerobic classes, a climbing wall, a salon, outdoor sand volleyball courts, hot tub, TRX room, handball & racquetball courts, pilates, large gym with squash, basketball, pickleball, badminton and volleyball, yoga studio, spin studio and a large group exercise studio. Best of all, there will be no extra charges for all the new and upgraded amenities for the life of your membership.

If you are currently training with a personal trainer, your trainer will be available at Fort Collins Club to continue your sessions. You'll see the same friendly faces from both the Personal Training and Group Ex departments. If you have questions or concerns about your membership, please speak to a Fitness Advisor or call 970-225-2233.

We apologize for any inconvenience this may cause. We are committed to delivering you all the options you need and we will use these consolidated resources to give you the best fitness facilities and experience Fort Collins has ever seen. We can't wait for you to get started enjoying all there is to offer at the Fort Collins Club.

Yours in Health,
