

Topeka Southeast

January 31st, 2018

Dear Topeka Southeast Members,

Genesis Health Clubs takes great pride in providing a world-class exercise experience to our members. We have been working diligently on getting Topeka Southwest finished for your enjoyment. This club will be the fitness destination for South Topeka and we have spent millions of dollars to bring a new standard for health clubs in the community. Accordingly, the Topeka Southeast location will be closing its doors on Sunday, February 4th at our normal 6:00 pm close of business.

Topeka Southwest has gone through a complete renovation this past year with exciting new additions including a smoothie bar at the front desk, basketball court, three amazing new group exercise studios, a Pilates Studio, and state of the art cardio and strength equipment with a dedicated functional training/turf area. Along with the new additions, the locker rooms and Kids Club were completely renovated. The luxurious new locker rooms are equipped with steam rooms, soap and lotion, and full towel service. There is also an outdoor pool for your summer enjoyment. It's a gorgeous club, and we can't wait for you to use it.

Tennis got some new upgrades as well. The indoor courts were resurfaced and painted. The ceiling and walls got new lining and LED lights were added. The bright new lights make playing easy on the eyes. The Grand Slam room was added to give members a stunning viewing area of the courts. In 2015, three outdoor courts were added to kick off the renovations. We are excited to bring you all of these new and upgraded amenities at Topeka Southwest.

I have tried to anticipate some of the questions you may have, and I have included those in a Question and Answer format on the back of this letter. Our team looks forward to your continued patronage and wants you to know that we are truly excited about serving all your health and fitness needs. We are thrilled to provide you with the best and newest innovations in the health and fitness industry.

Yours in Health,
